Biblical Theology Core Seminar

Class 1: What Is Biblical Theology

Introduction

I. What Is Biblical Theology?

Big Idea: Biblical theology is the discipline of learning how to read the Bible as one story by one divine author that culminates in the person and work of Christ, so that every part of Scripture is understood in relation to Christ.

It's a way to read the Bible. A hermeneutic.

See **Luke 24:44-47**.

Don Carson: "*Biblical Theology...seeks to uncover and articulate the unity of all the biblical texts taken together, resorting primarily to the categories of those texts themselves*" (NDBT, 100).

Michael Lawrence, "*Biblical theology is the attempt to tell the whole story of the whole Bible as Christian Scripture*" (*Biblical Theology in the Life of the Church*).
