\*Notice the mirroring effect (a "chiasm"). Sections II and VI are related in terms of promise and fulfillment, and sections III and V are related in terms of directions and obedience. That buts section IV in the middle of this chiasm, making it a central and crucial part of the book. And inside Section IV there is another chiasm. Chapters 32 and 34 are related in terms of covenant broken and covenant restored, with chapter 33 being highlighted in the middle. What is interesting about chapter 33 is that that is where we most clearly see the gospel in this second half of Exodus: Moses intercedes for the sinners, and Moses himself is hidden in the cleft of the rock so that he won't be destroyed by the glory of the LORD.
